BECOME A SOIL & WATER CONSERVATION SPONSOR!

Are you interested in helping the Soil and Water Conservation District sustain and expand the many services that are offered to the public free of charge? Here are some examples of what we do:

- We provide drainage solutions on agricultural and residential property.
- We'll assist you in filling out stream disturbance permits that are issued by the Department of Environmental Conservation (DEC).
- For our agricultural producers, we act as a liaison between the DEC and the Environmental Protection Agency (EPA).
- We provide technical assistance to the farming community on how to navigate non-point source pollution regulations.

Thank you for your consideration. Your tax deductible donation is much appreciated!
