| ☐ Forest Management, including Invasive Species Control or Reforestation | ☐ Urban Forestry Projects |
| ☐ Stormwater Management | |

PROJECT LOCATION(S):*(address, lat/long, or attach a map)*

ANTICIPATED PROJECT SEQUENCE & TIMELINE

PART C - PROJECT BUDGET

The SWCD Community Grant will award a minimum of \$2,000 to a maximum of \$35,000 to a successful applicant. The SWCD Community Grant will award 75% of the total project cost and awardees must provide a 25% match in either direct expenses or in-kind services. For example, if the project costs a total of \$10,000 the District will pay 75%, or \$7,500. The total project cost will be calculated based upon receipts and invoices submitted to the District.

Please refer to the application instructions for match requirements and a sample budget calculation. The Budget Worksheet attached must be completed and submitted with this application.

PART D - PROJECT DESCRIPTION

Please provide a brief description of the current conditions and concerns that the proposed project will address. If able, please include a photo with the application. Attach additional pages if needed.

Provide a description of the project and its proposed scope including work and materials, quantities, and the expected impact on the community and/or the environment. Include details of previous efforts or alternatives that may have been explored to address the problem.

Please provide a detailed description of the anticipated lifespan of the project, along with the future operation and maintenance. Additionally, outline the expected long-term impacts the project will have within the community and/or environment and if the project is part of a broader improvement plan.

PART E - ATTESTATION AND CERTIFICATION

I hereby affirm that information provided in this application, attachments and exhibits is true to the best of my knowledge and belief.
